

Writing Skills

1. Remind your child to “park” the side of his/her hand on the paper to help stabilize the hand.
2. Remind your child to write “dark” or “black” and to grip the pencil firmly. This will help decrease the wiggles in writing.
3. Remind your child to use the whole non-writing hand to stabilize the paper.
4. Use the verbal cues from Handwriting Without Tears so your child can write automatically and does not have to think about the direction of the letters.
5. Have fun!
